About Ace Horizon Studios

Ace Horizon Studios is an independent game development studio founded by Marcos Corrêa Nunes, based in São Luís Maranhão Brasil. We are dedicated to crafting immersive and unique gaming experiences born from passion and pixels. Our approach prioritizes innovation in mechanics and narrative, a relentless focus on quality and polish, and building a strong, communicative community around our projects. We believe the horizon is just the beginning for the worlds we create.

About Red Pistol

Red Pistol is the debut title from Ace Horizon Studios. It's a relentless bullet-hell roguelike adventure set against a dark, gritty post-apocalyptic Wild West backdrop. Players will face down hordes of grotesque mutants, upgrade a diverse and powerful arsenal through deep roguelike progression systems, conquer challenging bosses, and gradually uncover the chilling secrets of a world driven mad. Red Pistol blends intense, skill-based action with the strategic depth and replayability of the roguelike genre, all wrapped in a unique thematic setting.

Key Features of Red Pistol

- **Intense Bullet-Hell Action:** Dodge intricate patterns and unleash devastating firepower against overwhelming odds.
 - **Deep Roguelike Progression:** Unlock new weapons, upgrades, and abilities across runs, shaping unique playstyles.
 - **Unique Post-Apocalyptic Setting:** Explore a twisted vision of the Wild West corrupted by strange mutations and dark forces.
 - **Challenging Boss Fights:** Test your skills against formidable bosses with unique attack patterns and phases.
 - **Arsenal Variety:** Discover and master a wide range of distinct weapons and synergistic items.
 - **Atmospheric Pixel Art & Soundtrack:** Immerse yourself in a beautifully crafted, gritty world with a compelling score.
-

About The Developer

Marcos Corrêa Nunes is the solo founder and lead developer behind Ace Horizon Studios. With a deep passion for classic action games and innovative mechanics, he aims to create memorable indie titles that challenge and entertain players. Red Pistol is his debut commercial project, embodying his commitment to quality and unique gameplay experiences.
